PROFESSIONAL SUMMARY

Passionate Frontend Developer with hands-on experience building responsive, user-friendly web applications using React, TypeScript, Tailwind CSS, and Vite. Skilled at translating UI/UX designs into clean, maintainable code while ensuring performance and accessibility. Strong problem-solving abilities, attention to detail, and a commitment to continuous learning. Experienced collaborating on real-world projects and delivering modern, mobile-first interfaces.

PROJECTS

Luxury by Olori Concept (LOC) E-commerce Website

[React](#) • [Tailwind CSS](#) • [Framer Motion](#) • [Sanity.io](#) • [Paystack](#)

- Built a full-featured jewelry e-commerce platform with a live, backend-persisted shopping cart (Sanity.io + Vercel serverless functions).
- Designed responsive, animated product pages with color/quantity variant selection and out-of-stock handling.
- Integrated Paystack payment processing with secure server-side transaction verification via webhooks.
- Implemented WhatsApp-based product inquiries alongside a full checkout and order-tracking flow.
- Built reusable, motion-driven UI components (product cards, cart drawer, modals) using Framer Motion.

Personal Portfolio Website

[React](#) • [TypeScript](#) • [Tailwind CSS](#) • [Framer Motion](#)

- Designed and developed a responsive personal portfolio showcasing projects and technical skills.
- Built reusable React components for scalability and maintainability with smooth Framer Motion animations.
- Optimized the interface for desktop, tablet, and mobile devices.

Wedding Website

[React](#) • [TypeScript](#) • [Tailwind CSS](#)

- Built a fully responsive wedding website with multiple pages, countdown timer, and interactive UI.
- Developed RSVP functionality with local storage and reusable components for improved maintainability.

Celebration Website

TECHNICAL SKILLS

Languages

HTML5 CSS3 JavaScript (ES6+)
TypeScript

Frameworks & Libraries

React React Router
Tailwind CSS Framer Motion

Tools & Workflow

Git GitHub Vite Figma
VS Code

Core Competencies

Responsive Design Mobile-First
API Integration
Component Architecture
Performance Optimization

EDUCATION

National Diploma (ND)

Accounting

SOFT SKILLS

Problem Solving
Team Collaboration
Communication Attention to Detail
Time Management Adaptability
Continuous Learning

CERTIFICATIONS

Responsive Web Design

JavaScript Algorithms & Data Structures

React • Tailwind CSS

- Designed and developed a responsive birthday celebration website with interactive elements.

EXPERIENCE

Frontend Developer

2025 – Present

Personal & Freelance Projects

- Built responsive websites using React, TypeScript, and Tailwind CSS, converting UI designs into functional web apps.
- Improved website responsiveness across various screen sizes, focusing on clean, reusable, and maintainable code.
- Used Git and GitHub for version control and collaborative workflow.
